

I am writing because I listen to K-LOVE radio station, as well as many of my friends, and it is the only station I listen to. It would be a terrible loss if K-LOVE was no longer available. I think it is important to have a Christian radio station like K-LOVE available not only for Christians, but as an out-reach to others as well. It is a wholesome station and offers a safe listening environment to children, too. Please keep them on the air!
